‘Love in the greenhouse’

Wedding brochure

Your special day!

Congratulations on your upcoming wedding!
Stadsjochies is a wonderful venue for this unforgettable occasion. Whether you would like to celebrate your wedding in our greenhouse restaurant, among the greenhouses, or in the tea garden surrounded by flowers and butterflies, we offer endless possibilities. An elaborate lunch, dinner and/or drinks reception? It’s all possible!

A wedding in an oasis of tranquillity, yet close to the city. Your dream wedding is at the heart of everything we do. Together, we will explore the possibilities to make your wedding surprising, unique and stylish.

‘Love in the Greenhouse’

Nature does the work, and we simply work alongside it, that is our philosophy. We nurture each of our crops with love and care, and at Stadsjochies, love is at the centre of everything we do. In our greenhouse restaurant, you will discover what locally grown and freshly harvested food truly means. We are proud of this, because every day we create beautiful dishes using the freshest ingredients from our greenhouses, open fields, vertical farm, herb garden and tea garden.

The Ceremony

The most important moment of the day: promising each other eternal love and commitment. Whether you are planning an intimate celebration or a grand ceremony with many guests, Stadsjochies offers various options to host your wedding ceremony. Exchange your vows in the tea garden among the flowers and butterflies, or in the greenhouse surrounded by seasonal produce.

The Reception

Of course, we will raise a glass to your future together with a sparkling toast! For a summer wedding, guests can enjoy drinks on the terrace or in the tea garden, while our greenhouse restaurant also provides the perfect setting. Prefer a mocktail instead of sparkling wine? We create our mocktails using our own syrups, made from ingredients grown in our greenhouse and gardens.

Dinner, Lunch and/or Drinks

Experience what locally grown and freshly harvested food truly means. Our greenhouses, open fields, vertical farm and tea garden provide us with fresh ingredients and inspiration every single day, something we are eager to share with you.

Everything revolves around “The taste of authenticity.” Throughout the year, our greenhouse offers a changing selection of seasonal produce, which we present in the form of surprise menus. In this way, we make the most of what nature has to offer and create the most beautiful dishes.
